We Decor8 is a Gurgaon-based pioneer in Green Gifting - "Gift a Plant". Since its conception in 2015, we have captured the gifting arena and have changed the way companies market their brand and take it to new levels with Green Marketing and Corporate Gifting.

The trend of gifting in India is ever increasing and is growing many folds year on year. The "Gift a Plant" concept enables one to give a gift that is not only eco-friendly and useful in today's concrete jungle, but also, teaches care, affection and humanity. It is a gift that builds memories and not just moments and brings an organization closer to its employees, employee families, customers and many other important stakeholders.
